

NAPOLEON

HIGH EFFICIENCY THRU WALL
SELF CONTAINED HEATING &
COOLING UNITS

- HIGH EFFICIENCY -
CONDENSING GAS FURNACE
UP TO 10.8 EER AIR CONDITIONING

napoleonheatingandcooling.com

Obadiah's • 406-300-1776

ARCHITECTURALLY INSPIRED. PROUDLY ENGINEERED & MADE IN CANADA.

ENERGY SAVINGS AND COMFORT

We've reinvented high efficiency. Designed for conventional thru wall installation applications, Condo Pack is the most effective choice with an 'all indoor design' for a clean exterior look. Perfect for residential low and high rise applications as well as institutional and industrial installations.

Napoleon's streamlined design is an aesthetically pleasing solution for your unique architectural needs. By removing exterior equipment and refrigerant connections from your application, your next installation will benefit with the added protection from extreme climate conditions and unforeseen damage. Pre-wired and pre-charged, our dual unit slide out chassis allows for easy installation and maintenance of both heating and cooling units. Our industry leading quality control program ensures years of trouble free use for your peace of mind.

EASY INSTALLATION AND MAINTENANCE ADVANTAGES

- Furnace efficiency up to 93% AFUE and 90% thermal efficiency
- Tubular stainless steel primary and secondary heat exchanger
- Up to 10.8 EER with R-410A refrigerant
- Natural gas or propane, direct vent
- Blower dynamically balanced with resilient motor mounts for noise reduction & smooth operation
- Independent metering & temperature control
- Direct vent design eliminates the need for a chimney
- Exterior condensate drain for ease of service
- Fully insulated cabinet for clean & quiet operation
- Three piece design allows for individual component handling for easy installation and serviceability
- Wall sleeve (optional) can be installed separately during building framing, for easier and cleaner installation
- Entire unit is factory tested before shipment

MODULAR DESIGN

HEATING MODULE

GAS FIRED

30,000 BTU/H

2.5 TON

BENEFITS OF MICRO-CHANNEL CONDENSERS

- 20 - 30% weight reduction
- 50% reduced refrigerant charge
- Improved air-flow
- Fan noise reduction
- More durable design
- Improved serviceability
- Easier to maintain and clean than spin fin or tube fin designs

SERVICE ADVANTAGES

- Indoor access to all parts & maintenance needs
- Innovative, dual slide out chassis for efficient service
- Both sections can be partially or fully removed for servicing
- With spare modules, building management can do quick swap outs to maintain climate in the apartment/condo while troubleshooting non functioning units off line
- Can do direct replacement of the individual modules at the end of their service life instead of the complete appliance
- All control harnesses are separated with modular quick disconnects so module swap outs do not require time consuming rewiring

1. Compatible Box Size

- Industry standard footprint for retrofit applications
- Appliance shell dimensions where penetrating exterior wall: 43 1/8" high X 28" wide
- Wall Sleeve dimensions: 44 7/8" high X 28 7/8" wide
- Total length: 32"

2. Heating Features

- Up to 93% AFUE and 90% thermal efficiency
- High Efficiency Condensing Single Stage Gas Furnace
- Stainless steel heat exchanger
- Sealed burner tray – keeps cold external air from circulating in vestibule
- Clear front manifold condensate cover for easy inspection and service trouble shooting

3. Cooling Features

- Up to 10.8 EER
- R-410A Refrigerant system
- Micro-channel condenser and evaporator coils

4. Circulation Blower

- Dual inlet blower for higher flow rates / reduced air noise
- X-13 Multi-Speed Electronically Commutated Motor for better electrical efficiency

Condo Pack module options include:

- Gas Furnace - High Efficiency
- Gas Furnace - Mid Efficiency
- Air Conditioner
- Electric
- Heat Pump
- Hydronic
- Duct Only
- Blower Only

For more information about available products, contact your sales representative.

Custom color options are available. Standard color options are Taupe (colour code TP) and Silk Grey (colour code SG).
