ELITE® SERIES

See-Through model (EBVST) shown with optional brushed stainless trim.

■ The Elite® Series Multi-View gas fireplace offers several unique designs that make a statement of individual style and sophistication. Available in the two-sided See-Through, Corner and three-sided Peninsula configurations*, these fireplaces excel with realism and reliable performance. As interior design elements, they act as creative room separators or provide harmonious flow from one space to another. With exceptional viewing areas and intense flame presentations, each configuration creates a beautiful, natural-looking fire that enhances the comfort and elegance in several rooms. ■

Left Corner open direct-vent model (EDVCL) shown with optional polished brass arch door kit and optional Buff Rustic brick liner kit.

On cover: EDVPF shown with optional Buff Rustic brick liner kit.

IMPORTANT NOTES:

As with any heating appliance, fireplace or stove, this appliance is extremely hot during operation. Read and understand all operating instructions before using this appliance. For further information, consult your dealer.

Local conditions, such as elevation, wind, vent configuration and choice of fuel will affect overall appearance of the fire and heating performance. Performance can also vary with home design and insulation, climate, condition and type of fuel used, appliance location, burn rate, accessories chosen, chimney installation and how the appliance is operated.

Diagrams, illustrations and photographs are not to scale—consult installation instructions. Product designs, materials, dimensions, specifications, colors and prices are subject to change or discontinuance without notice.

Approved to U.S. and Canadian safety and performance standards—ANSI Z21.88/CSA 2.33-M98 vented gas fireplace heaters and ANSI Z21.50/CSA 2.17-M98 decorative gas appliances.
