Rhapsody™ shown with Clean Face finish, Nike Black Porcelain back panel and Reflection floor.

■ Linear in design and stunningly multifaceted in effect, Rhapsody expands the appeal of the Dave Lennox *Signature®* Collection, offering a sophisticated, energy-efficient and easy-to-install heating option for modern homes. Its 51 and 39 inch-wide viewing area showcases a continuous band of wavering flames that's enhanced by a porcelain interior with illusion panels and backlighting. A choice of finishes adds to the beauty of the fireplace and its long, mesmerizing flicker of flames. ■

CUSTOMIZE TO YOUR TASTE

The Dave Lennox *Signature*® Collection Rhapsody™ Direct-Vent Gas Fireplace gives you a variety of options to create a custom appearance that will complement the style of your home. Simply start by choosing a firebox floor and back panel kit, then add an optional surround finish for a fireplace that's uniquely yours. You can also customize the Rhapsody with our Design A Fireplace tool online at lennox.com. Rest assured, with so many stunning options, it's impossible to make a wrong choice.

STEP 1: FIREBOX FLOOR (required design option)

Choose from two modern floors to customize your fireplace.

Reflection floor has curved porcelain design that enhances the flame.

Designer floor: With a choice from five colored-glass media options to add sparkle and complement your room's décor.

Rhapsody™ 42 shown with Satin Black surround, Brushed Nickel bezel and Copper media.

STANDARD FEATURES

Expansive viewing area creates a breathtaking linear design to complement any home.

Innovative Infini-Flame™ technology produces a continuous band of tranquil flames across the viewing area.

Back panels in Black Satin or Reflective Porcelain provide a stunning backdrop to the fire.

Recessed surround available in all designer finishes.

Backlighting Kit is available to enhance the optional Illusion Panel with added design interest even when the fireplace is not in use.

Patent-Pending burner design with industry-leading energy efficiency delivers outstanding flame height and more visible flame per BTU.

Lennox Total Comfort Control™ system features remote temperature control and uninterrupted operation in the event of a power failure.

All Dave Lennox Signature® Collection gas fireplaces utilize either a Secure Vent™ (rigid) or Secure Flex™ (flexible) 4.5" inner/7.5" outer coaxial venting system and include a limited lifetime warranty.

IMPORTANT NOTES:

As with any heating appliance, fireplace or stove, this appliance is extremely hot during operation. Read and understand all operating instructions before using this appliance. For further information, consult your dealer.

Local conditions, such as elevation, wind, vent configuration and choice of fuel will affect overall appearance of the fire and heating performance. Performance can also vary with home design and insulation, climate, condition and type of fuel used, appliance location, burn rate, accessories chosen, chimney installation and how the appliance is operated.

Diagrams, illustrations and photographs are not to scale—consult installation instructions. Product designs, materials, dimensions, specifications, colors and prices are subject to change or discontinuance without notice.
