SEAMLESS CONTEMPORARY STYLE, DESIGNED AND BUILT TO LIVE OUTDOORS.

PALAZZO OUTDOOR GAS FIREPLACE

The Palazzo is a new kind of outdoor fireplace – a linear design with a clean look that provides a contemporary focal point in an outdoor setting. This eye-catching fireplace is tough, built with marine grade stainless steel that is rust-resistant even in the harshest conditions. A tempered glass wind guard keeps the flames full and lively, while an industry-first Power Screen provides safety.

- The industry-first Power Screen ensures safety, moving up and down at the press of a button and preventing debris from entering the fireplace
- Multi-colored LED lights shine through the crushed glass firebed and can even be used when the fireplace is off
- Rust-resistant, marine grade stainless steel construction maintains its luster for years to come
- Single-sided or see-through models add privacy to your backyard or seamlessly divides two outdoor spaces
- No chimney or venting required, blending your fireplace effortlessly into your outdoor space
- IntelliFire™ Ignition System with wall control constantly monitors ignition and ensures safe functioning
- 43,000 BTUs
- 48" viewing area
